

We were not your biggest stage,
nor your most public venue, but that
did not matter to you.

None of us will forget our Mom's face
when she heard bagpipes & drum coming
closer, and then to see her face
when they marched into our party,
playing Scotland the Brave, Unforgettable
Amazing Grace, of course brought
tears to here eyes and the entire room!

Thank you for helping make our
party a complete success.

Good luck in all your upcoming
competitions. We will be following
you now that we feel we have
a ~~big~~ (small) vested interest in you.

Thank you again

...AND
all
THAT

Thank
you from
The entire Adams family -
